Mini Red - 4-7 years: Your child will be introduced to the world of tennis and other team games. Their day will include games that will be aimed at maximising enjoyment by enhancing movement, receiving and hitting skills, and basic point play.

Mini Orange - 7-9 years: These will play a variety of games to improve all the core skills required for playing tennis. Children will also learn how to play and umpire matches for their stage of Mini Tennis.

Mini Green and above - 10+ years: For the older mini tennis players and juniors already playing full court with a normal ball. We will give you plenty of match practice and develop your tennis skills.

N.B. All children will be split into their relevant age groups for most of the day. Some games and activities will involve all ages mixing together.

When booking a place on the camps you will be notified only if your application is unsuccessful.

No refunds will be given once signed on to a course unless the course is cancelled due to insufficient numbers. In this case a full refund will be given.
